MEMORANDUM FOR: Assistant Deputy Director (Intelligence)

ATTENTION :

SUBJECT : Proposed Security Staff, DD/I

25

1. In reference to our discussions concerning a proposed Security Staff to provide support to the All Source Center, there is attached a proposal for the establishment of such a Security Staff together with its responsibilities. This Staff would serve all DD/I components within the Center and all DD/I components outside the Center with the exception of NPIC and OO.

2. With regard to the placement of this Staff in the DD/I organizational structure, it should be noted that this Staff will provide security support to one-fourth of the area of Headquarters Building encompassing approximately one-fifth of the employees of the Building. The Security support will encompass practically all security problems across the board and will not be localized to the interests of any one single component of DD/I. In carrying out its responsibilities the proposed Security Staff should have a command line responsibility to the DD/I or the Assistant DD/I for policy and guidance in the DD/I interests. Administratively, however, the Staff could be provided its administrative support through attachment to some component of the DD/I.

3. It is requested that this proposal be considered and we would like to further discuss the matter with you if there are any questions about this concept of operation and scope of responsibilities.

SIGNED

R. L. Bannerman
Deputy Director of Security
